

Accidents of Gravity

Keep away from water.
Electrical parts are live
even when switch is off. Keep
No other Gods before me.

Do not swallow. Do not make wrongful use
Of my name. Use only a pea-sized amount.

Honor your father and mother. Children may
Fall into bucket and drown. Adults shall not
Swim alone.

Do not murder. Do not even place
Where there is a risk of falling into tub, toilet or sink.

Do not bear false witness. Fully inflate
Before jumping.
Do not commit adultery. Bridge freezes
Before road.

In the unlikely event of an emergency landing
Diving may cause death
Or permanent injury. Exit
Out of the house of slavery.

Swift undertow. Do not covet what
Belongs to your neighbor.
Keep hands, feet and clothing away.

Do not steal. Body parts
Inside at all times. Keep
Falling rock
In the upright and locked position.

Stand clear
Of the Seventh day
Please.
